

1. Title	Install escalator landing plate devices	
2. Code	EMLEIN317A	
3. Range	Arrange and implement the installation of escalator landing plate devices at construction sites.	
4. Level	3	
5. Credit	3	
6. Competency	<p style="text-align: center;"><u>Performance Requirements</u></p> <div> <div> 6.1 Construction and installation drawings of escalator landing plate devices </div> <div> <ul style="list-style-type: none"> ◆ Understand the structure of landing plate devices including: <ul style="list-style-type: none"> • landing plate support • movable landing plate • fixed landing plate • combplate ◆ Understand installation drawings of landing plate devices including: <ul style="list-style-type: none"> • landing plate support • movable landing plate • fixed landing plate • combplate </div> </div> <div> <div> 6.2 Installation methods and procedures for landing plate devices </div> <div> <ul style="list-style-type: none"> ◆ Formulate the installation procedure lists for landing plate devices including: <ul style="list-style-type: none"> • landing plate support assembly • movable landing plate assembly • fixed landing plate assembly • combplate assembly ◆ Effectively use protective barriers or guards to implement and assign safety measures at work sites including: <ul style="list-style-type: none"> • work site surrounding safety ◆ Effectively use different tools, level, truss vertical centre line and installation drawings to implement and assign the completed installation and adjustment work for landing plate devices </div> </div> <div> <div> 6.3 Professionalism in completed installation of landing plate devices </div> <div> <ul style="list-style-type: none"> ◆ Apply manufacturer's installation instructions and the code of practice for escalator work safety to implement and assign the completed installation and adjustment work for landing plate devices </div> </div>	

7. Assessment Criteria	<p>The integrated outcome requirements of this unit of competency are:</p> <ul style="list-style-type: none"> (i) Capable to arrange and assign completed installation and adjustment procedures for escalator landing plate devices systematically and through effective communication; and (ii) Capable to implement completed installation and adjustment of escalator landing plate devices under general or complicated situations in compliance with the prescribed standards.
8. Remarks	<p>The credit value of this unit of competency is set on the presumption that the person already possesses knowledge and skills in installing basic mechanical installations of escalators.</p>
