

1. Title	Safety operation in confined spaces		
2. Code	EMCUSH110A		
3. Range	Apply the basic knowledge of safety operation in confined spaces and understand the hazards when working in confined spaces so as to prevent accidents.		
4. Level	1		
5. Credit	3		
6. Competency	<div><div><div><div>6.1</div><div>Basic knowledge of safety operation in confined spaces</div></div><div><div>6.2</div><div>Basic safety for working in confined spaces</div></div></div><div><div><div><div>◆</div><div>Understand potential hazards and causes for working in confined spaces, including explosion, fire, anoxia, poisonous gas, etc.</div></div><div><div>◆</div><div>Understand the types of confined spaces and relevant legal requirements</div></div><div><div>◆</div><div>Understand the safety procedures, including the use of general protective equipment, for working in confined spaces</div></div></div><div><div><div>◆</div><div>Possess basic safety knowledge of carrying out electrical and mechanical engineering works in confined spaces</div></div><div><div>◆</div><div>Capable to work in confined spaces according to safety procedures, preventive measures of working in confined spaces and relevant legal requirements</div></div></div></div></div>		
7. Assessment Criteria	The integrated outcome requirement of this unit of competency is: (i) Capable to work in confined spaces according to safety procedures, preventive measures of working in confined spaces and relevant legal requirements.		
8. Remarks	The credit value of this unit of competency is set on the presumption that the person already possesses basic safety knowledge.
